

SYRACUSE UNIVERSITY

Tenure-Track Assistant Professor Position in Aerospace Engineering

Department of Mechanical and Aerospace Engineering

The Mechanical and Aerospace Engineering Department (MAE) at Syracuse University is seeking applications for a Tenure-Track Assistant Professor position in the field of Aerospace Engineering beginning Fall 2023.

The successful candidate is expected to advance the Aerospace Engineering Program by performing world-class research in Aerospace Engineering and by providing excellent instruction at both the undergraduate and graduate levels. Preference will be given to candidates who can cover fundamental courses in the general areas of Aerospace Engineering, such as Fluids, Aerodynamics, Aircraft Performance and Dynamics, Space Technologies, and Emerging Technologies in Aerospace Engineering.

Applicants must have earned a doctorate degree, or its professional equivalent, in Aerospace Engineering, Mechanical Engineering, or a related field by the date of appointment. The successful candidate will participate in all aspects of the department's mission, including sponsored research, teaching, supervision and advising of undergraduate and graduate students, and other service responsibilities.

For full consideration, applicants must complete an online Application at www.sujobopps.com and attach the application file to job number 076576. Required application materials consist of: 1) a cover letter; 2) a detailed resume or curriculum vitae; 3) a statement of teaching interests; 4) a statement of research interests; and 5) names and contact information of three references.

Application link: <https://www.sujobopps.com/postings/94912>

The initial screening of applications will begin on October 15, 2022; applications will be accepted until the position is filled. For information about the department, please visit <http://mae.syr.edu>.
