

## **SYRACUSE UNIVERSITY**

### **Two Teaching Faculty Professor Positions in Mechanical and Aerospace Engineering**

#### **Department of Mechanical and Aerospace Engineering**

The Mechanical and Aerospace Engineering Department (MAE) at Syracuse University is seeking applications for two teaching professor positions beginning Fall 2023.

The faculty members are expected to advance the department by providing excellent instruction at both the undergraduate and graduate levels. A strong commitment to teaching excellence is essential, and preference will be given to candidates who can teach fundamental courses in the general areas of Mechanical and Aerospace Engineering, including but not limited to Statics, Dynamics, Manufacturing, Materials, Mechanics of Solids, Structures, Design, Thermal-Fluids Sciences, and Controls. Applicants are expected to have an earned doctorate or its professional equivalent, in Mechanical Engineering, Aerospace Engineering, or a related field.

The successful candidates will be expected to teach up to six undergraduate/graduate courses per academic year; and will participate in all aspects of the department's mission, including teaching, supervision and advising of undergraduate and graduate students, serve as mentor for senior design projects, and other service responsibilities as directed by the Department Chair. In addition to completing an online application, please attach a curriculum vitae and cover letter. Required application materials consist of: 1) cover letter, 2) detailed resume or curriculum vitae, 3) a statement of teaching and research interests, and 4) names and contact information of three references.
