

Full-Time Tenure-Track Faculty Position
Electromechanical Engineering Technology Department
Cal Poly Pomona

The Electromechanical Engineering Technology Department invites applications at the Assistant Professor level for a **tenure-track faculty position** beginning August 2024/Fall semester to teach a broad range of courses in Electromechanical Engineering Technology with primary responsibility in one or more of the following areas:

1. Electromechanical systems
2. Fluids/thermal systems/HVAC

A Ph.D. in Mechanical, Electromechanical or Electrical Engineering or a closely aligned field from an accredited university is required by the date of appointment. Commitment to Inclusive Excellence and Student Success is required. Demonstrated ability to provide hands-on education in a multidisciplinary and diverse environment, excellent oral and written communication skills, a strong interest in curriculum and laboratory development in our B.S. and future M.S. programs, pursuing grants, and supervising student research are preferred. Preference will be given to candidates with teaching and industrial experience.

Opportunities for research, consulting, and summer employment in industry and/or Government research centers are available in Southern California.

Consideration of completed applications will begin on November 17, 2023, and will continue until the position is filled. For expanded position description and application information, please go to [Jobs - Job Details - Electromechanical Engineering Technology, Assistant Professor \(pageuppeople.com\)](#).

For general inquiries and to express your interest in this position, email the Search Committee Chair, Dr. Farhana Abedin, at fabedin@cpp.edu. We will inform you as soon as the position is officially open for applications.
