## DEPARTMENT OF MECHANICAL AND AEROSPACE ENGINEERING

### JOIN OUR TEAM

Michigan Technological University's Department of Mechanical and Aerospace Engineering (MAE) invites applications for multiple tenure-track Assistant Professor positions. Applicants for the position are required to have earned doctorates in Mechanical or Aerospace Engineering, or a closely related field. All research areas are of interest, including space robotics, controls with aerospace applications, hypersonics, experimental mechanics, aircraft and ground vehicle electric propulsion, aerospace systems engineering, spacecraft thermal systems, NVH, and more.

Michigan Tech attracts world-class faculty who enrich the educational experience of smart, motivated, and adventurous students. Applicants who are committed to promoting a sense of belonging and contributing to an equitable and inclusive learning environment for all are strongly encouraged to apply ([www.mtu.edu/diversity/](http://www.mtu.edu/diversity/)).

Successful candidates will be expected to develop externally funded research programs in their areas of interest while contributing to a collegial work environment and fostering collaboration with other faculty, engage in both undergraduate and graduate teaching at a high level, and contribute to professional service.

For full consideration, complete application packages should be received by **October 15th, 2024**; however, applications will continue to be considered until the positions are filled. Application packages must include a cover letter and curriculum vitae. We strongly encourage applicants to address the required and desired qualifications in their cover letter along with an explanation of how they will contribute to the [Vision and Mission of Michigan Tech](#).

Michigan Tech is Michigan's flagship technological university, and starting next year will be one of only four Carnegie classified R1 institutions in Michigan. The university provides its graduates with an extremely high return on investment through its academic rigor and focus on experiential learning. Located in Michigan's scenic Upper Peninsula's Anishinaabe/Ojibwe lands on the south shore of Lake Superior, the university also provides a high standard of living. The community offers a small-town environment with outstanding four-season recreational opportunities.

Michigan Technological University is an Equal Opportunity Educational Institution/Equal Opportunity Employer that provides equal opportunity for all, including protected veterans and individuals with disabilities.
